

Virginia state revenues 2020-2022 Biennium

General fund revenues for the 2020-2022 biennium totaled \$43.5 billion, not including balances and transfers. For the biennium, nongeneral fund revenues totaled \$79.0 billion, not including: balances, lottery proceeds (\$1.3 billion), internal service funds, and bond proceeds. So \$122.5 billion total. Federal grants are the largest source of nongeneral fund revenue (\$31.3 billion for the biennium).

So Virginia money in the two-year pot was \$90.2 billion.
